

PEAK CONTRACT MFG., LLC

*EXCELLENCE IN CONTRACT
MANUFACTURING, QUALITY
AND PERFORMANCE*

Corporate Profile

- Privately held corporation founded in Colorado Springs in 1994
- Full service Electronic Manufacturing Service provider worldwide
- 20,000 sq. ft. facility with expansion plans totaling over 80,000 sq. ft.
- 2008 projected sales of 4 million

VISION STATEMENT

Peak Contract Manufacturing, Inc. employees are committed to achieving total customer satisfaction. We accomplish this by teaming with our customers for continual improvement to produce a quality product while fulfilling the needs of our customers through service and flexibility and in conformance with ISO 9001:2000 International Standard.

Management Team

- Robert Crow – President
- John Cotton – Vice President
- Greg Beckham - Sales Manager
- Ed Koch – Engineering Manager
- Juleen Mowers - Purchasing
- Robert Crow – Quality Manager
- Scot Gossage – Program Manager
- Betsy Crow – HR / Accounting Manager

EMPLOYEES

- Exceptional Internal Training
 - J-STD
 - IPC
 - Component ID
- Flexibility
 - Cross functional
 - Primary and secondary area certification
- Team approach to manufacturing

QUALITY MANAGEMENT SYSTEM

- Closed loop quality system to ISO 9001:2000
- Standardized operating procedures
- Corrective / Preventative Actions
- Customer feedback
- Internal Auditing
- Inprocess / Final Inspections and reporting
- Documented Management Review

Certifications / Compliance

- ISO 9001:2000 Quality System
- J-Std Class 1, 2, 3 (Lockheed Martin Certified)
- RoHS (Lead free) / WEEE compliant
- IPC Certified Trainer, J-STD 001 , IPC-A-610
- Rework and repair IPC 7711 and IPC 7721
- ESD 20.20
- FDA / GMP Compliant
- Mil Spec / DoD Specifications
- UL / CSA and SAE
- IPC-DW-426

EQUIPMENT SUPPORT & ENGINEERING

- Juliana Chong
- Alan Cotton
- Darnell Batara

- Samsung factory trained operators and service technicians

Purchasing

- Turnkey procurement through approved and certified vendors worldwide
- Consigned material kits and capacity for inventory storage
- Integrated cost accounting system / MRP
- Partnerships with major electronic suppliers

Printed Circuit Assembly

- Prototypes / Quick Turn (24 hours)
- Auto insertion of plated through hole components
- Surface Mount (Size range 0201 to 1.5x1.5 inch)
- BGA's (Micro to 1.5 x 1.5 inch machine placed)
- X-Ray
- **BGA re-balling and replacement equipment**
- Flex / Rigid Circuits
- Functional, In-Circuit Test
- No clean and aqueous processes
- Conformal coating
- Low to high volume production
- Samsung surface mount placement capable of 60,000 PPH
- Statistical Process Control and design analysis (DFM, DFT)

Cables / Harness Assembly

- Simple to complex harnesses with system integration test
- Build to specifications
- Coax, ribbon, military connectors, harnesses and wire wrap
- Automated wire stripping and crimping equipment

BOX BUILD ASSEMBLY

- Complete box build and functional test
- Chassis / backplane assembly
- Sheet metal enclosures
- Plastic injection molding
- Packaging and shipping to end customer

TEST

- Functional Board Level
- Functional System Level
- In Circuit Test Partner
- Cirris Tester for cables
- Test Engineering Team to support troubleshooting

PEAK CONTRACT MANUFACTURING

6113 Constitution Ave
Colorado Springs, Colorado 80915
